You've been to West Egg and East Egg. And you spent time in the city, stopping for gas and lunch in the valley of ashes. Now you want to help others who are planning a trip to New York and are looking for honest reviews.

The following is a particularly interesting review on TripReviser. Respond to the review of West Egg with one of your own. If you're visiting West Egg, bring your swimsuit and your best party clothes. There isn't much to do in the village, but this is THE place to go for parties. And when I say parties, I mean Gatsby's parties. On my first day in town, people everywhere were gossiping about a guy named Gatsby—Gatsby this, Gatsby that. This guy is legendary, but does anyone really know him? The stories I heard were outrageous. I can't imagine any of them were true. So, I asked some people about him. They said I had to see for myself and that I should go to his party that night—no invitation needed. Just show up! So I did.

Let me tell you, I've never gone to such an extravagant, wild event! Gatsby's mansion is huge, and he has a pool and speedboats. There was a full orchestra, and people danced all night. There were tables piled high with all kinds of food. People were just doing whatever they wanted. It was crazy! I never did get to meet Gatsby himself, but I had a great time! Although my hotel and taxi were pricey, I recommend West Egg, even if the only thing you do is go to Gatsby's parties.
